

# My Family Safety Check

Hey Kids!

1 Our family buckles up on every car ride.

2 We always wear helmets when bicycling.

3 We never cross the street alone.

4 Adults always watch us carefully in or near water.

5 We always wear life preservers or life jackets in boats, canoes, kayaks and tubes.

6 The hot water in our house is not too hot to touch (not hotter than 120° Fahrenheit).

7 Our home has working smoke detectors. We check the batteries every month.

8 Our family has window guards or rails to keep us from falling out of windows, down stairs, or off of play equipment.

9 We can't reach cleaners, medicine, or vitamins.

10 Our home has emergency phone numbers near the telephones and first aid supplies.
